Dear Parent/Carer

We would like to inform you that our school nurse will be conducting an educational workshop on contraception and sexually transmitted infections (STIs) for year 9 pupils. This is part of Wednesfield Academy's comprehensive Personal Development program. This workshop is scheduled to take place on Tuesday 6th February 2024.

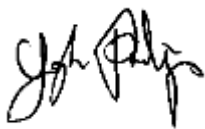

The well-being and safety of our pupils is important to us, and it is our responsibility to provide them with accurate and comprehensive information regarding their health. The assembly will cover essential topics such as contraception methods, the importance of safe practices, and awareness about sexually transmitted infections.

We understand that discussions around sexual health can be sensitive, and we want to assure you that the workshop is designed with the utmost consideration for the well-being and maturity level of the pupils. These workshops have been delivered to other local secondary schools before.

Providing pupils with comprehensive information on sexual health is a crucial aspect of their overall education, empowering them to make informed decisions and promoting responsible behaviour.

This forms part of the compulsory Personal Development curriculum pupils must have access to. Thank you for your understanding and support in this matter. If you have any specific concerns or questions regarding the workshop, please do not hesitate to contact Miss Howell (Assistant Headteacher) or Mrs Bingham (Deputy Headteacher) by emailing postbox@wednesfieldacademy.co.uk or calling 01902 558222.

Yours faithfully

Mr J Phillips
Headteacher
