

WHY CHOOSE WEDNESFIELD SIXTH FORM?

Choosing Wednesfield Academy Sixth Form offers a unique opportunity to excel beyond Key Stage 5. With high-quality teaching that builds on your previous knowledge and skills, you'll receive exceptional support from dedicated educators who are committed to helping you achieve your full potential.

Alumni Testimonials

Some people might think they are held back by where they're from and who they are, but I kept thinking 'How cool would it be if I did go?'. You've got to live your life based on what you find cool, not what's cool to everyone else. There's nothing wrong with being a nerd – embrace it! Be unafraid to be you and put yourself out there.

A Williams A*AB

Experimental Psychology, University of Oxford

I'm absolutely thrilled with my results and that I'm now off to study Computer Science at Manchester. It's the course I've always wanted to do."

H Patel A*AA

Computer Science, University of Manchester

“Sixth form has helped me grow as a person by allowing me to develop my confidence and independence through all the opportunities we have been given. The support we are given has helped me excel in my subjects and personal development and prepared me for life beyond sixth form.”

“In Sixth form I study Physics, Maths, Further Maths and Biology. Sixth form life is a lot different to GCSE's, being given more independent time to study our subjects, which reflect University life which is personally enjoy. Not only this, Sixth form has allowed me to study four A-levels, allowing me to fulfil my potential in academia.”
