Dear Parent/Guardian,

Since September 2026, Wednesfield Academy has purchased Up Learn to support students studying **Mathematics, Economics, Physics, Chemistry and Biology.**

With more students than ever choosing STEM courses at A Level, we want your child's success to stand out from the crowd. That is why we have invested in Up Learn.

What is Up Learn?

Up Learn is a leading online learning platform for A Levels designed to help students reach their full potential. The courses are carefully designed by subject experts and cover the full two-year specification. They also include unique exam papers that are approved by exam boards.

Up Learn supports students with:

- Independent study
- Teacher-led assignments
- Effective revision strategies

The platform helps students quickly master their subjects, develop a genuine love of learning, and achieve high exam scores. Figures from Up Learn suggest that students who regularly use the platform are twice as likely to achieve higher results.

How does it work?

Up Learn uses a combination of cognitive learning science, artificial intelligence and expert learning resources to help students accelerate their progress and maximise their potential.

Unlike many other learning platforms, Up Learn offers:

- Interactive video lessons
- Quizzes
- Easy-to-understand unit summaries
- Useful exam techniques
- 24/7 online tutor support

This service has been fully funded by the school, so please speak to your child and encourage them to make full use of all the online resources available for their subjects. If you have any questions, please do not hesitate to contact the Mrs Gwatkin (Head of Sixth Form) by calling 01902 558222 or emailing postbox@wednesfieldacademy.co.uk.

Yours faithfully

Mr Phillips
Headteacher
