Dear Parent/Carer

Re: UK Maths Trust: National Maths Challenge

I am delighted to inform you that your child has been selected to participate in the UK Maths Trust (UKMT) Senior Mathematical Challenge, which will take place on Wednesday 7th October 2026 at Wednesfield Academy.

The UKMT is a leading British charity dedicated to advancing the education of young people in mathematics. This challenge provides a unique and stimulating experience for pupils, helping to build their confidence and inspire them to achieve success.

The test session will last 90 minutes and will take the form of a written multiple-choice paper conducted under examination conditions. To support preparation, practice tests are available on the UKMT website at www.ukmt.org.uk.

Test results are typically issued within four weeks of the examination. These results will be sent directly to the school and then distributed to pupils.

Every participant will receive a Certificate of Participation in this national competition. High-achieving pupils will be awarded bronze, silver, or gold certificates. Exceptional performers may be invited to progress to the next stages: the Senior Kangaroo stage and, subsequently, the British Mathematical Olympiad stage. Participation in these advanced stages is by invitation only.

If you have any queries, please do not hesitate to contact the academy by calling 01902-558222 and asking to speak to Mrs Gray (Assistant Headteacher), or by emailing postbox@wednesfieldacademy.co.uk.

Thank you for your continued support.

Yours faithfully

Mr Phillips
