

Proud to be WEDNESFIELD

Volume 1

WELCOME BACK

Welcome to Volume 1 of the Wednesfield Academy Bulletin – “Proud to Be Wednesfield.”

We are delighted to bring back the bulletin for another academic year and are excited to continue celebrating the achievements, successes and experiences of our pupils. Following the success of last year, we are looking forward to working alongside the School Council to make the project even bigger and better, with new features and exciting updates throughout the year.

Please continue to share achievements, hobbies, successes and experiences with us so that we can celebrate them with the wider Wednesfield Academy community.

We have also received lots of positive feedback from parents about the conduct and attitude of our pupils at the start of this academic year. This included comments from families visiting during our

Year 6 Open Evening and Year 6 Open Mornings, who were impressed by the way our pupils represented the school. This is a real credit to our students and something we should all be proud of. We look forward to another fantastic year of celebrating what makes Wednesfield Academy such a special community and showing why we are all Proud to Be Wednesfield.

BEST A LEVEL RESULTS EVER AT WEDNESFIELD ACADEMY!

Well done to Year 13 for achieving the best A Level results ever at Wednesfield Academy with an average grade of a 'B', 30% A to A and 83% distinction and distinction* for level 3 BTEC. We wish all students the very best in their future pathway.*

BIOLOGY IN ACTION!

Our Year 13 Biology students have been putting their knowledge into practice by investigating taxis and kinesis in maggots. As part of their required practical, students explored how different environmental conditions affected the movement and behaviour of the organisms.

The activity helped students develop their understanding of how organisms respond to stimuli, while building valuable practical investigation and data analysis skills. A fantastic example of science in action and great preparation for their A Level studies!
