gcsepod

How can GCSEPod support my child?
GCSEPod is an award-winning revision website for KS3 and KS4 pupils.
It can be used for home learning as well as independent revision.

- KS3 and KS4 content.
- Pods - short videos with key information, subtitles and transcripts.
- Check & Challenge - multiple choice diamond quizzes.
- Courses - interactive mini-lessons featuring Pods and quizzes.
- Regular users achieve on average 1.5 grades higher than non-users.

Devices
GCSEPod can be accessed on multiple devices
.

- Phones.
- Tablet devices.
- Computers and laptops.

A GCSEPod App is now available on app stores.

How does my child log on?
The same login details are used on all devices including the new mobile app.
Usernames and passwords were created for pupils and shared with them in September 2026.

- Go to the GCSEPod Student Login page linked here GCSEPod
- Click 'Login as a student'
- Username: **full name (no capitals, no spaces, no punctuation)**. Your child will have been told if their username is different.
- Password: If they have not logged on since September 2026, it will be Password123
- Password: If they have logged on since September 2026, then they will have created their own secure password.

Example logins
Name: John Smith
Username: johnsmith

Name: Jane-Mary Smith
Username: janemarysmith

Your child will have been told if they have a different username, such as johnsmith8

What should they do if they forget their log ins?
Your child should ask their PD tutor, subject teachers or LSA staff to check their username and / or to reset their password**.**
It is much quicker to reset passwords in school. It is also important that your child asks for a reset before any home learning deadlines.

If it is out of school hours, parents can email their child's first name, surname and form to postbox@wednesfieldacademy.co.uk
You may receive a reply advising you to check the username guidelines mentioned above before a password reset is issued.
